PROFILE SUMMARY

"Aspiring Software Developer with a solid foundation in C++, DSA, and OOPs. Proficient in building responsive web applications using ReactJS, Tailwind CSS, and JavaScript (ES6+). Hands-on experience with MySQL database management and version control via Git/GitHub. Passionate about solving complex problems with clean, efficient code."

WORK EXPERIENCE

Technical Assignments :

"Focused on implementing complex logic using C++, OOPs, and Data Structures (DSA) to solve algorithmic challenges. Developed foundational database skills by executing MySQL queries, including Joins and Aggregate functions, to manage data efficiently. Applied analytical thinking to optimize code performance and ensure structural integrity in software development tasks."

Personal Learning Experience:

"Self-motivated learner who mastered modern web technologies including ReactJS, JavaScript (ES6+), and Tailwind CSS through independent study. Gained proficiency in version control using Git/GitHub and maintained a disciplined development workflow in VS Code. Dedicated to staying updated with industry trends and continuously improving technical expertise through hands-on practice."

Mini Frontend Projects:

"Built several responsive UI components and landing pages using HTML5 and CSS3, emphasizing mobile-first design. Implemented React Hooks for dynamic state management and used JavaScript to handle DOM manipulation and form validations. Focused on creating clean, reusable code and seamless user interfaces to enhance the overall web experience."

PROJECTS

Featured Projects

"Developed a mobile-first personal portfolio using HTML5, CSS3, and JavaScript. Optimized UI/UX for cross-browser performance, managed version control via GitHub, and implemented a component-based architecture using ReactJS."

EDUCATION

2022 - 2026	Bachelor's Degree at Jaypee University Anoopshahr	(GPA: 6.9/10)
2022	Class 12th Surajbhan Saraswati Vidya Mandir IC Shikarpur(B.S.R)	(71.2 Percentile)
2020	Class 10th Surajbhan Saraswati Vidya Mandir IC Shikarpur(B.S.R)	(80 Percentile)

TECHNICAL SKILLS

Programming Languages :	C++,JavaScript
Core Concepts:	Object-Oriented Programming(OOPS) , Data Structure and Algorithm (DSA)
Frontend Technologies :	HTML5, CSS3,JavaScript,Tailwind CSS and ReactJS
Databases :	MySQL (Basic Queries, DDL,,DQL,DML, Joins and Aggregate Functions)
Tools and Platforms:	VS Code, Git/GitHub
